

**YOU'RE
INVITED!**

UPPER HARBOR TERMINAL COMMUNITY ENGAGEMENT #3 LEARNING TABLE

**Have you heard about the 48.8-acre development on the
Mississippi River that is up for redevelopment?**

The Learning Table provides the "learning water"; a place to ask critical questions and develop the "learning glue"; a place to develop relationships, create partnerships, and make commitments to explore ideas for incorporation in the UHT development. Each Learning Table theme is directly related to development topics.

- Learn together
- Create shared approach
- Coordinate efforts

For more information on
the project:
